

# BABIN SWIVELING FIFTH-WHEEL

THE **ROAD** WITH PERFORMANCE

COMPACT AND EFFICIENT

PATENT PENDING: # 2,676,888

SIMPLE AND POWERFUL TECHNOLOGY

PATENT PENDING: # 2,676,888

**Fifth-Wheel**

The trucking industry remains the backbone for the delivery of goods worldwide. To succeed in this highly competitive sector, it is essential to optimize the operations quickly, safely, economically and environmentally. This is what the Babin coupling swivel innovation provides. It can change forever the way you operate and drive truck.

Imagine a world with greater...

**SAFETY:** Protect your assets by providing greater direct control on the vehicle and avoiding accidents and jackknifing, even in dangerous conditions.

**EFFICIENCY:** Serve your customers better: less time wasted on the road for maintenance and repairs.

**PROFITABILITY:** Half the number of tire and mechanical parts changed as a result of lower friction across the truck and trailer.

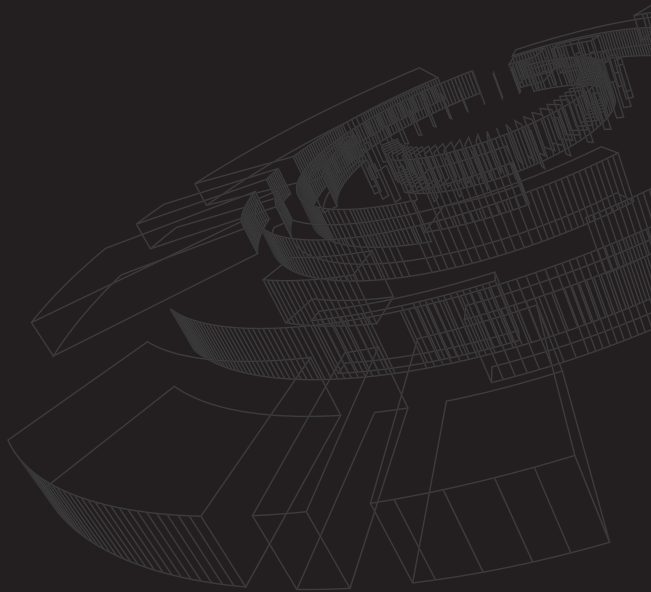

**ENVIRONMENTAL AWARENESS:** Be proud that your road equipment is cleaner, more energy efficient and uses fewer parts.

**ROTAVAN**<sup>TM</sup>  
OPTIMAL CONNECTION

IN CONTROL **ON THE ROAD...** YOUR ROAD!

The BABIN fifth-wheel swivel is manufactured and distributed by Rotavan; the reference for innovation in road performance.
